

Correction of Florian Clemens Monstadt (2025). Measuring Democratic Values in Primary School Children: Development and Confirmatory Factor Analysis of a New Survey Instrument

Measurement Instruments for the Social Sciences, 2025, Vol. 7, Article e21335, <https://doi.org/10.5964/miss.21335>

Published (VoR): 2025-12-18

In the published version of

Monstadt, F. C. (2025). Measuring democratic values in primary school children: Development and confirmatory factor analysis of a new survey instrument. *Measurement Instruments for the Social Sciences*, 7, Article e16247. <https://doi.org/10.5964/miss.16247>

an error occurred in Appendix 1.5 "Freedom". The values for agreement and disagreement for the item "free_gen" were inadvertently transposed. The correct values are as follows:

Yes: 97,81%

No: 2,19%

This error is limited to the table presentation. All analyses, results, and interpretations in the article remain unchanged, as the correct values were used in the statistical computations.
